EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Lau on 10/2/03.

The application has been amended as follows:

Claims 15-24 previously withdrawn in response to a restriction requirement, are hereby canceled without prejudice. Applicant, of course, reserves the right to file a divisional application on these claims.

Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Claims 2-14 have been rewritten to include subject matter previously identified as allowable by the examiner, and are thus allowed. New claim 25, and dependent claims 26-31 include the allowable portions of claim 8, i.e. the trigger comprising a pair of reflecting mirrors arranged in an oppose relation with a first waveguide in between so that a control light is multiple-reflected between the pair of reflecting mirrors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
